\* For most of these tasks, you should not purchase a ticket for the show your are working since your responsibilities will be during the performance time.

An email confirmation will be sent for my volunteer assignments. I understand that volunteering is VITAL and that I must volunteer for at least 15 hours in order for my student to be in the show. I know I will also be expected to help with load-in, strike, donating concessions, and providing my own student with costumes, and these tasks do not count towards my 15 hours.
