The King's Academy places a high value on counseling our students throughout the academic and college planning process. The College and Academic Counseling program begins in the freshman year and emphasizes a sound foundation for academic and extracurricular planning. During the junior year, each student is assigned a personal college counselor who remains with the student through the senior year. Our comprehensive program includes informational presentations at each grade level, guest speakers, and individualized counseling. State-of-the-art online tools are available for our students and families to navigate the college admissions process successfully. Through the process, students become aware of their talents and strengths, enabling them to apply their God-given gifts to pursue their future plans with confidence and maturity. Our hope is that students feel confident selecting the college or university that best matches the student's personal, career, and life goals.

SPIRITUAL LIFE AND COMMUNITY SERVICE

Although The King’s Academy places high value on academic excellence, it differs from other schools in that everything at TKA is designed to bring students closer to God, to create strong relationships between students and staff, and to build Christian servant leaders. The entire student body has daily opportunities to mature spiritually through home groups, retreats, chapels, clubs, peer groups, mentoring, and service. Students become disciples of the Word. Organized service trips to places including Kentucky, Los Angeles, New Mexico, Mexico, and Silicon Valley (CA) provide high school students with life-changing opportunities to serve those in need throughout our world community.

VISUAL AND PERFORMING ARTS

Well known throughout the Bay Area, The King’s Academy’s Visual and Performing Arts (VPA) Department seeks to honor God through developing students’ creative gifts and offering an environment where they can share those gifts with the world. The VPA environment fosters creativity and confidence as students develop their musical, artistic, and dramatic skills. This department currently offers classes in art and digital design, photography, film studies, dance, theatre, vocal music, marching band, jazz band, and orchestra. The work of the students is displayed in exhibits, workshops, concerts, and stage performances.

ATHLETICS

The King’s Academy athletic program desires to “pursue victory with honor” and to compete with pride, hustle, desire and humility. The King’s Academy is a member of the California Interscholastic Federation (CIF), the Central Coast Section (CCS), the West Bay Athletic League (WBAL), the Peninsula Athletic League (PAL-Football), and Santa Clara Valley Athletic League (SCVAL-boys volleyball). TKA aims to compete at the CCS championship level each year. Last year, 10 varsity teams qualified for CCS playoffs, and girls track and field were WBAL League Champions. The King’s Academy offers junior varsity and varsity boys and girls basketball, cross country, golf, soccer, swimming & diving, tennis, track & field, and volleyball; boys baseball, football; and girls softball.

THE VALUE OF DIVERSITY AT TKA

Believing that God has created all people in His image, The King's Academy values, cultivates, and celebrates racial, cultural, ethnic, and economic diversity on campus. We recognize all persons are uniquely created by God and are given specific gifts and abilities which foster a well-rounded learning environment. We denounce the sin of racism, and we desire to create a community where students and staff from all racial and ethnic backgrounds feel welcomed and accepted. Ultimately, we desire to impact the diverse cultures of Silicon Valley and the world for the kingdom of God. – Psalm 139:14, Genesis 1:27, Galatians 3:28, and Acts 10:34-35

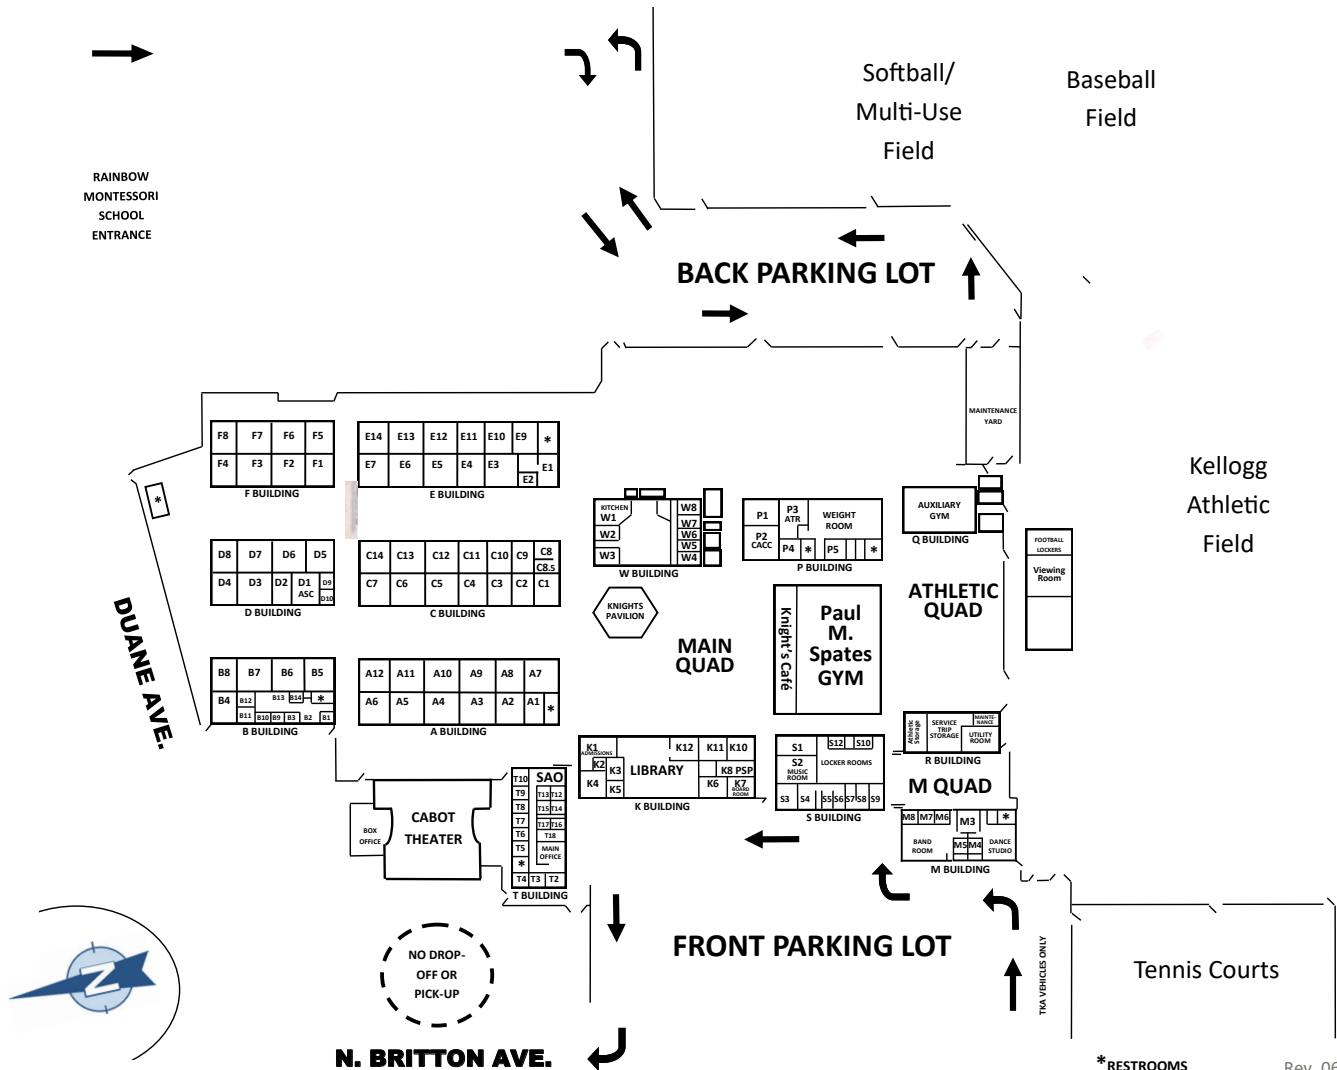

The King's Academy admits students of any race, color, and national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school.
