FOR IMMEDIATE RELEASE

The King's Academy Named to Advanced Placement School Honor Roll

SUNNYVALE, CA, November 7, 2024

The King's Academy has been recognized for student success in the Advanced Placement program while broadening access.

College Board announced that **TKA** has been named to the 2024 Advanced Placement® Program (AP®) School Honor Roll, earning PLATINUM distinction.

The AP School Honor Roll recognizes schools whose AP programs are delivering results for students while broadening access. Schools can earn this recognition annually based on criteria that reflect a commitment to increasing college-going culture, providing opportunities for students to earn college credit, and maximizing college readiness.

In 2024, 370 students took 970 AP exams. TKA students achieved a 4.0 average AP score, with 96% scoring 3,4, or 5 out of a possible 5. 64% achieved a score of 4 or 5. All TKA students taking AP courses are required to take the accompanying AP exam.

“AP gives students opportunity to engage with college-level work, to earn college credit and placement, and to potentially boost their grade point averages,” said Trevor Packer, head of the AP program. “The schools that have earned this distinction are proof that it is possible to expand access to these college-level courses and still drive strong performance – they represent the best of AP.”

College Board's Advanced Placement® Program (AP®) enables students to pursue college-level studies—with the opportunity to earn college credit, advanced placement, or both—while still in high school. Through AP courses in 38 subjects, each culminating in a challenging exam, students learn to think critically, construct solid arguments, and see many sides of an issue—skills that prepare them for college and beyond.
