THAT BITES YOU

Dr. Ken Wilgus is a licensed psychologist who specializes in the treatment of adolescents and their families. Coming to TKA from Dallas, TX, Dr. Wilgus is a sought-after speaker on a wide range of topics relating to parenting, marriage, family and faith.

Parenting teens can be hard. Well-meaning, loving and motivated parents often struggle with their teenagers – in part because of cultural influences. Though trends and technology will always change, the adolescent need for autonomy remains the one foundational issue that is the largest obstacle to a healthy parent/teenager relationship. Dr. Wilgus clearly outlines his method for safely and effectively meeting this need: Planned Emancipation. Once parents clearly understand adolescents' needs and know how to respond, parenting a teenager becomes much less frustrating. Even their teenagers join in to help out!
